

TACKERS FRIENDSHIP GROUPS

Dear Parent/Guardian,

We are pleased to enclose details about joining the Junior Football Club for the 2010 season.

We expect to field multiple Tackers Teams again this year and, as players will come from a number of local primary schools, there will be a need to allocate players between the teams. It is the Club's policy to mix players from the various schools between the teams. It is also the Club's intention that, wherever possible, players be allocated to teams on the basis of friendship groups.

If your child wishes to play in the Tackers teams this year, and you are aware of children from your child's school who also intend to play Tackers in 2010, we request that you nominate four friends with whom you would like your child placed. We will make every endeavor to accommodate your request and keep friendship groups together; however, you will understand that it may not be possible to fully meet every request. If you do not return the slip below with your registration we will, nevertheless, endeavor to place your child in a team with others from their school.

Mark Powell (9725 8868), Sean Woods (0438 878 670) and Michael Tout (0433 934 130) have been appointed as a coaches of the Tackers Teams for season 2010. Please feel free to contact any of them if you have any concerns or wish to discuss your child's transition to junior football. Please note that all Tackers teams will train together each week on a day and time to be advised in the near future. In previous years, this has been on Fridays from 5.30pm- 6.30pm.

Please note that only children who have attained the age of at least 7 years at the proposed date of commencement of the football season (11/4/2010) are generally accepted into a Tackers Team. Younger players may still apply and would be placed on a supplementary registration list for review by the Clubs committee on a case by case basis. The club actively encourages our younger players, especially Tackers, to continue to develop their skills at the Sharks Auskick program.

Yours faithfully,

Colin Caulfield
