Annual Report – Season 2016**

PRESIDENTS ANNUAL REPORT – 2016

Season 2016 is over and what a great year it was. Bring on 2017 and the new challenges it represents.

Season 2016 marked my first year as President of this fantastic football club. It also marked the first for our Director of Football – Mark Leonard, Secretary – Andrew Mortlock and Treasurers – Rod Bastin and Heath Lee. Rarely do all executive committee roles change at once. Heartfelt thanks to Sean Woods, Kevin George, Paul Hayes and Bryan Holmes for their guidance and support during the transitions. Also our thanks to the balance of on-and-off committee roles that are filled by our fabulous and dedicated folk. Your combined support has led to a truly united team. Thank you all. As volunteers, sometimes it is a thankless task that is undertaken, however to see how united our great club is, shows that we are all (as a club) doing the right thing. Please, I encourage all of the membership to get behind their committee and give your assistance and support in 2017.

The Season

After a hectic start to pre-season training, due to the lack of availability of Stintons, things soon were underway proper. With all three ovals available by May, both training and match days were returned to normal. With the advent/continuation of U8's and U9's as separate teams, relocation back to Stintons and new opposition, our Auskick numbers were down this year. Thanks goes out to Damian Noonan and Michael James, our Auskick Coordinators, for their commitment, dedication and organisation of this year's season. To field the amount of boys and girls each Saturday was great to see. Well done team.

Our Mr. Reliables, Kevin George and Paul Hayes organised our pre-season matches at Kinglake and against Boroondara. Our yearly pilgrimage to Kinglake saw the first of our intra-club practice hit-outs on the 20th of March. The benefits of not only the matches but the money raised for Kinglake are huge. Since the fires, our club has been the biggest sponsors of this community.

If anyone would like to question why we go there or what it means to the Kinglake community, my door is always open. I'm happy to relay how our attendance and financial support brings grown men in this community to tears. In our opinion 2009 is not the past and help and support is not a part-time thing.

Practice matches at home and away after Easter were against Hawthorn and Camberwell on the 10th of April. Some teams gelled straight away, for others, by golly it showed they would need a lot more training sessions to gel.

Round 1, April 17th, Season 2016 was off and running. The first half of the season created stormy waters from time-to-time. What with some questionable grading decisions by the YJFL, off-field indiscretions and some perceptions that created issues. A meeting of all Coaches and Team Managers was called whereby it was reiterated what is acceptable behaviour and standards. Our club holds one of the best reputations in the league and many people work hard to keep it so. As always, our membership is encouraged to read and understand the Code of Conduct and Rules that apply to children's sport at the Sharks.

After Queen's Birthday (mid-season) our teams positions were a mixed bag. This year we fielded 18 teams, totalling approximately 400 players. Seven teams were in U8's, U9's and U10's. Of the 11 teams fighting for places, we had 4 teams in the top 4, 3 mid-range and 4 in the bottom section. The lower placed teams suffered more so due to grading and maybe lacking a bit in numbers. However, no matter the position of the teams, all players were trying their best. The spirit displayed by the Sharks football club was filled with determination. Even more so, it was pleasing to see the parents support and hear encouragement each week.

August 2016 – Finals. The season ended with five teams qualifying to play finals. The U11's Red and U12's Red bowed out in the first week. The U11's Black, U15's Red and Colts Red made it to the Grand Finals. Congratulations to our U11 Black and Colts Red on the 2016 Premierships. Acknowledgement must go to our Colts on their history making division 1 win. A first for PONRPJFC.

Highlights

Youth Girls

This year saw the Sharks embark on Youth Girls recruitment and focussing on fielding five teams for season 2017. A lot of work has gone into properly targeting our growth by a number of people. In particular, thanks go to Mark Leonard, Melanie Eva, Nina Foxwell and Ingrid Ross. Their input of time and perseverance has been immense. All 29 primary schools in Maroondah and 4 schools in Manningham have been approached. We have been involved in two Round-Robin Lightning Premierships with a number of these schools.

Registration of interest is now being accepted at the Sharks website. Our goal is to create some skill sessions during Term 4 for all girls who register. This will help all who participate to better understand Youth Girls football, build friendships and stay fit and healthy. So, calling all mums and dads, we need your input in spreading the message and to become actively involved in assisting us to make our targets a reality.

Colman Reserve

After nearly 3 years we have reached compromise with the Manningham Council to redevelop unisex change rooms and adding a social space. Council wanted to build out the back of the existing premises. We wanted out the front and lower/closer to the actual playing arena. To do this, the Sharks and the SWCC committed to finding the shortfall. An extra \$206,000 was needed. We have received pledges from Bendigo Bank (\$75K), AFL Victoria (\$60K), Cricket Victoria (\$40K) and Manningham Council (\$20K). The balance is being sought via fundraising by the football and cricket clubs. Hopefully in the next couple of months construction will commence. Thanks go to Scott Brasher and Dave Philipson for their help.

Trivia Night

The Sharkwiz Trivia night was held at Domeney with in excess of 180 people in attendance. The night was a blast of fun-filled noise, high excitement and over \$11,000 raised for the club. To our host - David Philipson, Events Coordinator – Mike Newton and our U13's parents for ticket sales and setup, thank you very much. Thanks also to our Sponsors (Gold), - Hoskins Property People and Club Ringwood, (Silver) Opulent Homes, RJ Waller, Essential Wetsuit Holders and Mark Leonard Plumbing.

Sharks Cocktail Function

This year we headed to "The Farm" in Waranwood for a fantastic evening. With two chefs from Rockpool, the food tasted every bit as good as it looked. The dance floor was rocking and the mums certainly did themselves proud in how much they had prepared themselves. As I said in my President's Message on the 31st "If a Miss Australia talent scout has been on hand, we would have seen 50 new entrants to next year's event." All had a great evening and I'm already looking forward to next year.

Burger Night

With only three nights scheduled for the year, we as a committee were speechless with the numbers which turned out. Even in the middle of winter approximately 200 of the Sharks family were in attendance. This year saw more Rebel vouchers for the raffle, and amazingly, I think we only had two redraws for the year. Thanks to all our parent helpers on the BBQs, in setting up and generally giving assistance where needed. Your attendance on the nights is really appreciated. Finally, a big huge thankyou to our resident raffle runner – Matt Fasan – Well done.

Buddies Program

The continuation of our Buddies Program between the U8's, U9's and our two Colts teams were pleasing to see. I know the young blokes really look up to the Colts (yes and literally) and thanks go to all parties for their participation. To see the smiles when the boys got their letters or to be involved during the Colts matches will be a memory they'll have forever. Thanks to Mick Choveaux for coordinating and the Coaches and Team Managers for their support.

Education

During the season we had two main educational programs. The course run by Jo each year is a must for parents to attend. Jo runs a two day First Aid and CPR course for our membership. Approximately two dozen are able to attend each year. Thanks Jo for your assistance. The second was S.A.L.T. (Support and Life Training) that approximately 30 of our Committee, Coaches, and Team Managers attended at the YJFL headquarters. A very insightful and comprehensive program that challenged our thinking. During 2017, more programs similar to these will be run, so please keep an eye out for what and when by reading each week's presidents message.

Rounds with a Difference

This year we trialled an actual match for points on ANZAC Day. This was held at Heidelberg Oval with the U15's Red team competing for points. The match was a curtain raiser to the Seniors. Well done all on your contribution and pulling the event together.

An Indigenous Round match was played between Fitzroy and our Colts Red under lights on a Friday night. It was held at Victoria Park in Collingwood. Once again, played for points and deemed a success by all in attendance and by the Committee and Coaches involved in organising. I've really appreciated the ability for us to try different things this year and for the attitude of all to give it a go.

Well done for your assistance and input.

Club Captain/Vice Captain

On behalf of the Committee, I would like to thank our Club Captain – James Fasan and Vice-Captain – Max Lowther. Their assistance and leadership around the club and at outside functions/events has been exemplary.

Colts 2016

What can be said about a history making team that played as one for each other. Congratulations to the Coach and players. The junior club wish you all the best as you commence a new chapter in your playing life next year.

Our Committee

On behalf of the membership, I'd like to humbly thank and acknowledge how much our committee do around the club. Without their input the club would not exist. Every week there are fantastic contributions by volunteers who want to help make a difference in kid's lives and provide the sporting opportunity for them. The work done by those on and off committee all adds together. Without you and your assistance, I'd be quietly rocking in the corner. Thank you very much doesn't seem enough to say and convey my feelings to you all, so, thanks again. You all are really appreciated for who you are and what you do.

Season 2017

Every year, we the Sharks as a club, experience various challenges and this year was no different. What is great about our club is how we deal with them. Thanks to previous committees for the policy and structure that is in place.

Without mentioning names and whilst respecting various families privacy, we recognise there have been hardships this year.

Our thoughts and prayers are with families who have had life-changing circumstances this year. Whether from death in the family or debilitating injury, you are in our thoughts and we encourage all to find the strength to keep going and fight through these challenges.

On a football front, most of the boys I've spoken to have enjoyed their year. Especially our youngest players. Our Director of Football – Mark Leonard and myself are aware of the problems three or four of our teams had with grading this year. Please, stay strong, we have spoken to the YJFL and will be seeking a meeting at the commencement of 2017. We are active in trying to get a better result for these teams whereby they can be more competitive next year. We will hold the League to account on their poor decision making in 2016 and move forward for 2017.

As a club the Sharks provide the support, facilities, and assets to enable children to play the game of football. However, in terms of promotion and recruitment we rely on you – the players, parents and families. Start spreading the word over the next few months please about our great club to your friends and school mates. Get them a long for Season 2017. More players equal more teams which means more game time for all.

Our sponsorship levels were low this year in terms with Major, Gold and Silver. Moving forward for next season, please keep in mind, how you, your business or someone you know could assist in this area. Credit goes to Julie Brown, our Sponsorship Coordinator, who really made a difference this year. Please contact her in readiness for 2017.

Conclusion

Special mention of thanks to three people in particular who go above and beyond. Their workloads are unbelievable. Thanks to Beaver (Mark Leonard), Morts (Andrew Mortlock) and Haysey (Paul Hayes). It's the very early or very late calls and emails that lead to action that you guys do that's appreciated. All those extras, thanks.

Also, thanks to my wife and sons for putting up with interruption and absences. Thanks for your understanding about what this role is and what the club and members mean to me. My love is strong for you all.

As I write this last paragraph, I must digress for a moment. I have just attended (Tuesday 6th September, 10.00am) our Youth Girls Primary School Gala Day. Six schools, eight teams of year 5's and 6's for four hours of Y.G. Football. This is the future that I've just observed. I have just experienced the most amount of "happy noise" since being at Tackers Day (U8's Round Robin). The pure innocence of faces, the unbridled joy of the occasion as they get "their" chance to play Aussie Rules Footy. Just girls against girls, school against school. Mark, Mel, Nina, Gary and I couldn't believe the excitement and desire that these girls wanted to compete today. I must admit, I was totally blown away with it all. You know what – the future of our great club is certainly in good hands.

As I go over the season, I can't believe how quickly it has gone. Also, actually what a great season it has also been for our club.

The aim of your committee and as a whole club is to provide a safe place for your children to attend. To be able to play this great game (with competitive nature as they get older) and increase their skills and fitness. The football club offers the opportunity to be mentored by great role models and peers whilst developing lifelong friendships. We want our young people to grow up as well adjusted citizens and we believe that this is the environment to help make this happen. Looking at our Colts and the boys that have gone through to the U19's and Seniors, I think we are on the right path.

So, in summary, thank you to all the parents for assisting, playing a role in your children's lives and being a part of the Sharks family.

Thank you for your commitment and support.

Go Sharks

Ritchie Appleby – President

DIRECTOR OF FOOTBALL ANNUAL REPORT – 2016

2016!! My first year as Director of Football at Park Orchard North Ringwood Junior Football.

I would like to thank the committees & members of previous and current years for the great work they have done growing the club to what it is now. This year we fielded 18 teams including a great influx of Under 8. This group of up and coming stars came from 9 different primary schools in our local area this is a testament to how strong our community roots are. It is a very powerful base to support and grow what we all regard as the best Junior Football Club in the area.

To grow our great club from strength to strength I ask you all to provide support by recommending our club to all the boys and girls you know who may enjoy playing this great game. We need to grow our base and ensure our Auskick numbers grow to ensure we can keep fielding as many junior teams as possible - your and your children's positive recommendation is our greatest recruiting asset.

Well done to everyone currently at PONRPJFC this year for their involvement.

Season 2016 commenced in October last year, with the recruitment of a sensational group of Head Coaches. Thank you to all of you. You put in so much effort and gave up so much of your time to encourage and teach our kids about football.

Thank you to Sean McGowan, Tony Kinivan, Arthur Antonellos, Rob Sette, Brad Baker, Jason Hutchinson, Bevan Smillie, Rob Clark, Heath Lee, Andrew Schafer, Glenn Mason, Rob Ameer, Paul Bergamo, Andrew Spiteri, Paris Harvey, Michael Bingley, Tim Livingstone & Mark Lowther, also to the assistant coaches of each team, your support was also very much appreciated. A big thank you for everyone else who helped with each team every week team managers, runners, trainers, goal umpires, boundary umpires, field umpires, time keepers, water carriers, ground managers, umpire escorts, interchange stewards.

Thanks again to our great club for supporting our intra club practice matches at Kinglake in March, and Kevin George for his continued efforts and personal support in organising this. We are their biggest sponsor. We look forward to supporting them again in 2017.

I would like to mention a total of 15 players were invited to attend the Yarra Junior Football League Best and Fairest count, thus signifying a top 10 finish in their respective YJFL divisions Best and Fairest count. Well done to each of you and big congratulations to Gus Brown Under 15 and Cooper Trembath Under 11 who took out the Best and Fairest for their Yarra Junior Football League division.

Congratulations to the 406 Sharks kids that took to the field every week for their 15 home and away games and to those 5 teams that made it to the finals with Under 11 Black & Colts Red 1st Division winning their premiership.

A huge congratulations to the Colts a great way to finish at our club with our first Division 1 Colts flag!!!!!!

Thank you to James Fasan and Max Lowther our Club Captain and Vice-Captain, you have done a ripper job this year getting PONRPJFC Colts to burger nights, our Colts & Under 8 & 9 buddy program & training and game day support, Anzac Day march Mothers Day Friday Night footy BBQ etc. The Colts, with your leadership & direction have been fantastic in their support of the club.

Congratulations to Matthew Williamson, Mark Baker and Jacob Price-Inglis for being named in the YJFL Colts Team of the year. To all the PONRPJFC Best & Fairest winners, Runners Up, 3rd Place recipients, most improved and coaches award winners in each age group and the Tim McLennan recipients. Well Done.

Park Orchards Football Club Colts Team Man Award. This award recognises a player who has demonstrated club and team attributes throughout the season and who has helped achieve improved performance-both individually and with the team. This year's recipient is Matthew Williamson from the Colts Red, well done.

To those that have assisted me this year with the practice matches at Kinglake and Canterbury & Boorondara, Anzac Day Under 15 game, Colts Division 1 Indigenous round, Under 8 Mother's Day Friday night footy under lights, the Under 8 & 9 to Colt's Buddy Program, Girls Footy days, Development Programs, Team App and all the extra behind the scenes jobs, Thanks one and all.

In closing a big Thank You to my wife Anita and the kids for their support, I would not be able to do any of this without my own little Team. I am looking forward to next year and hope you all return for another exciting year of Junior footy at our beloved Park Orchards North Ringwood Parish Junior Football Club.SY!

Mark Leonard – Director of Football

LIFE MEMBERSHIP 2016 – Kevin George

Kevin has been one of the most central figures of the Sharks over the last six to seven years. Nothing was ever a problem, any role that needed filling, he was always one of the first to volunteer. Always available for a quick chat or word of encouragement, Kevin is well known to all our players and parents. Who has not heard his “How are you bud or champ?” catch cry. Kevin is as straight as they come whilst retaining an air of the lovable larrikin that is fast diminishing from our society. To put it simply – he is PONRPJFC. If ever you were to find yourself in the trenches, he would be the first pick you’d want to support and protect you.

Kev started his journey with the Sharks in about 2006 after being involved on the Auskick committee. This led to stints as a coach or assistant coach from 2006 through to 2009, whereby he coached a winning premiers side.

2010 saw the transition from an on-field role to a more intense off-field role by joining the committee. His achievements in a variety of roles outweigh how much can be written about him. However, let’s try to name a few:

- Kev was instrumental in coordinating our Annual Kinglake practice matches. This occurred after the devastating fires of 2009 had reduced the community to ashes. Many people were suffering and Kinglake had lost not only its identity but the population had lost its confidence – they were depressed.

So what to do about it? A true hero will rise above the obstacles and even more so a community minded man with integrity and passion. Kev proposed that the PONRPJFC travel north to Kinglake’s makeshift ground and coordinate a fund raiser for the club. This we have now done each year with incredible results. Yes, I’ve heard a few people moan “Do we have to travel that far?” but if you knew the positive impact that has transformed the club, you would want to go twice a year. This year, due to Kev’s efforts, Kinglake fielded three junior teams for the first time, plus a senior team and a netball team. This day sets up their whole season, we are the club’s biggest sponsor. Thank you Kev for your efforts, to see grown men in tears because of what you’ve done means so much to many. Mate, you’re a bloody ripper.

- Kevin has also taken on the roles of Director of Football, involved with Tim Livingstone in the Development Squad, was instrumental in the first attempt to create a youth girls team a few years ago. He has set up grounds early on a Sunday for Tackers, U8’s and U9’s and been integral in coach selection and handling various disputes. For two years he did these roles without having his son play football for the Sharks. That’s the man he is. More recently, Kev has been a pillar of supports as 2IC to President Sean Woods and a valuable confidant to myself this year.

What makes Kev special is his loyalty, his ability to be focussed when it’s needed yet also able to laugh at himself when it’s deserved. There has not been an outside community or charitable event that he’s not been involved in. And that’s not limited to only once. I think Kev asks himself one question repeatedly – “What can I do that’s in the best interest of the club?” Then he follows through with the actions to support his thoughts.

Personally, and supported by all the committee, we cannot think of a person more deserving of the Sharks ultimate recognition for service to the club and it’s members.

Congratulations Kevin George on Life Membership.

CLUB MAN OF THE YEAR 2016 – TIM LIVINGSTONE

Tim’s selection as the 2016 Club Man of the Year has really been a number of years in the making.

Tim has been involved as a Coach or Assistant Coach for 8 years (from 2008 – 2016). He has won two premierships in 2010 and 2016. The Eastern Region Coach of the Year was bestowed upon him in 2010.

Outside of directly coaching junior teams, Tim’s influence in assisting the formation of the Senior’s Club Coaching Panel was immense. He was on the Committee that set up the Senior club and was a part of the Selection Panel that appointed the senior coach. Tim has always enjoyed helping the boys to get the most out of their football whilst also encouraging them to become better students of life. His contribution in organising and running the Development Squad over a six year journey has been invaluable. Thus, the legacy Tim leaves for future coaches is the resource and information video and manual that details drills & specific skills that was finalised during the year.

The PONRPJFC acknowledges and congratulates the 2016 Club Man – Tim Livingstone.

LIFE MEMBERSHIP 2016 – Matt Fasan

A picture paints a thousand words. Sometimes what you see is only a small portion of what there is and what you get. Matt would have to be one of the longest serving members of the football club. Considering he first commenced as a player under Father Mogg in 1980 before returning as a parent in 1999/2000.

You hear the jovial overtones of him and the kids around him before you see him. Much loved and easily identified by everyone at the club, his dedication goes unseen by many. With a personality larger than life, he is always lending a hand whether receiving acknowledgement or not. That’s part of what makes him such a special person and integral member of the Sharks family. Matt will and always has gone above and beyond expectations in assistance with total humbleness. He does it because he cares. I really think that deep down we could award him the “Big Teddy Bear Award” because he really is a big softy when involved with kids. However don’t get me wrong, I’ve seen his stern protective side when someone attacks the club, it’s procedures or questions how the club contributes to the community.

Matt’s focus has always been on the players being a part of the club and enjoying their participation. He has shown a laser-like focus whilst coaching or as an assistant coach in 2000, 2001, 2008, 2009, 2013, and 2014. As if coaching wasn’t enough, Matt took on the role of Auskick Coordinator in 2005 and 2006. On those cold and wet Saturday mornings he made sure the kids felt like it was a lovely spring day. Only once we were able to get the microphone off him. Always they were encouraged to try new drills. Not only that, but the way he was able to get parents to participate was enormous. No-one cared if we ran over time as they were having so much fun.

In time, Matt felt he wanted to contribute even more to the Sharks Football Club and joined the committee. During 2015 and 2016, he has held the role of football support and in particular “Junior Team Ambassador”. As we can all see, Matt is totally dedicated to the Club. He will always give anything a go, be on hand to help when needed and never complains about any challenge. All the boys at the club are treated as his own. The caring nature he brings to the environment is shown by the time he takes to communicate with everyone. Big or small in stature, he’s happy to have a word with everyone.

Matt’s involvements covered pre-season assistance, help at season launch, and attending events at our feeder schools through to Burger Night. As the Youth Ambassador, he has been on hand to assist in ground set-up and marking for the U8’s and U9’s early Sunday mornings. Sometimes hours before any of his sons have been scheduled to play.

Matt is always on hand to help out anywhere anytime. Of course, whilst still having time to support his son’s teams including parent duties on the day.

Over the years Matt and his band have provided entertainment, not only at “The Ball” but at outside venues. Also, who can forget his monopoly of the raffle and the drawing of the prizes. If it’s not the kids calling out for a redraw then it’s the education that ‘Oranges Moranges’ do rhyme.

Overall Matt is a great contributor to children’s sport and adult entertainment in the local community. His passion, dedication, participation and attitude is what makes him a true Sharks family member.

It is with great pride and privilege, on behalf of the committee and the PONRPJFC membership, that in recognition for Service, I congratulate Matthew Fasan with Life Membership. Well done Matt.

PARK ORCHARDS FOOTBALL CLUB COLTS TEAM MAN AWARD

This award recognises a player who has demonstrated club and team attributes throughout the season and who has helped achieve improved performance-both individually and with the team.

2012	Steve Pollard
2013	James Battista
2014	Josh Choveaux
2015	Prahn Nicholson

This year’s recipient is Matthew Williamson from the Colts Red

LIONS COMMUNITY SPIRIT AWARD – JAMES FASAN

It has been a pleasure to see James and his beaming smile around the club this year. He has grown seamlessly into the Club Captain leadership role, gaining respect and appreciation from not only his team mates, but also from many others of all ages. Whilst focussed on game day, I watched him take time out to acknowledge and congratulate younger players, especially those from U8's and U9's in the buddy program.

James played 152 games culminating in the Sharks inaugural Grand Final win in Division 1 in his last junior game. He commenced in 2004 with our Auskick program and began Tackers in 2007. On five occasions he has won or placed in the top 4 at the Sharks and/or YJFL Best and Fairest. He has played in three Grand Finals for two flags whilst also being involved in 9 final series. He represented the PONRPJFC as our club representative for the YJFL Youth Forum in 2013.

It is James' voluntary contribution to the club, his character and commitment to outside activities that is being rewarded. As a club we all congratulate him on his commitment to our great junior football club and being named Lions Club Community Spirit Award recipient for 2016.

UNDER 8 RED
COACH: SEAN MCGOWAN

Sam Raso 9879 6299

Tim McLennan Award: Dominic Zylan

It's a great accomplishment to have reached the end of your first season of club football, and I congratulate all our Sharks Under 8 Red boys who finished the season with the same enthusiasm and effort that they began with.

The same goes for our wonderful parent group. It's been a real honour to have coached your children this year, and I appreciate all the support and encouragement you have given us all.

To Assistant Coach and Umpire Damien Noonan, and super Team Manager Mel Eva, thanks so much for all your hard work, planning and enthusiasm through the year. You helped keep me, and the boys, on track many times. Thanks to the many dads who were always willing to help out at training and on game day, with special thanks to our warm-up trainers Rob Fortington and Jeff Innes. And thanks to all our Mums who cut oranges, gave first aid and stood in the cold and wet to watch their boys each week. Finally, to all the siblings and extended family members who also braved the cold but cheered loud and proud during the season, thanks for your support.

Among all the things our boys have learned this year – kicking, handballing, marking, tackling, team play and more – I am most proud of how they have developed resilience. An important part of team sport, I hope what they have learned together as a team this season holds them in good stead in the future.

It has also been a thrill to have witnessed many individual achievements this year - from the marks and goals, to the tackles and chases, and dusting themselves off from a minor knock to get back out there. The following are just a few individual season highlights that the boys should look back on fondly:

Xavier Noonan's (#1) skills and competitiveness have made us a better team all year – win, lose or draw - and his passion for the game has been infectious to coaches and teammates. Albie De Rooden (#2) always brought the ingredients of energy and enthusiasm that made us a better team, whether in the pack or chasing down opponents.

Darcy Noonan (#3) should be proud of recognising that he could help his teammates more by playing back than forward from Round 6 – the kind of selflessness that makes him a great teammate. I am so pleased Beau Innes (#11) was rewarded for listening, taking instruction and working on skills at training and at home, and his confidence grew as the season wore on.

Dominic Zylan (#12) not only improved his kicking and marking throughout the season, but always listened to his coaches and performed to his best (and without complaint) in whatever role we gave him. Ben Hales (#13) was always enthusiastic and took giant steps as the season progressed, both in his football skills and as a teammate. It showed in Round 9 as co-captain.

Luke Dimitri (#14) also showed great improvement in his skills and knowledge of the game and the way it should be played, and became a great teammate for many of the boys. Despite an interrupted season, Liam Shamloo (#15) showed us lots of energy, effort, fierce tackling and a willingness to help his teammates in Round 13.

Will Fortington (#17) had some really good moments during the season, including a wonderful mark in Round 5 after recovering from a heavy knock that showed great resilience. Always well-behaved, Tom Elliott (#19) led by example at training and on game day, resulting in him becoming a very handy centremen and a valued member of the team.

Noah Di Grazia (#21) should be very pleased with how he has come on this season, particularly his willingness to tackle and chase which resulted in a goal in Round 11. Alex Stephen (#22) has also come a long way this season – no surprise given his enthusiasm and willingness to improve his skills both at training and on game day.

James McGowan (#24) showed great resilience throughout the season and listened to his coaches. His late season marks and goals were reward for effort and persistence. Another great listener, superbout Daniel Williamson (#32) played almost every game with the same consistent effort, and could be relied upon to play a role in any position. And finally, Angus Hales (#37) was always at his chirpy, energetic best whether at training or on game day and should be proud of the steps he took during the season to improve his skills, stay involved in the game and take instruction.

To all my 2016 Under 8 Red boys, I hope you had as much fun in your first year of club footy as I did coaching you all. I look forward to following your football journeys in the year/s ahead. Go Sharks!

Tim McLennan Award: Logan Sonderhof

Thank you to all the boys in the Sharks Under 8 Black team for their spirited participation at Friday night training, embracing the drills the assistant coaches, Daniel Bullen, Ben Kinnear and I formulated during the week and playing each Sunday morning with determination.

We started the season with the focus of having fun, improving the boys skill levels and respecting ourselves, team mates, opposition and umpires. We had a very successful season, with all the boys skill levels improving during the year. There were several occasions when we managed to intercept a ball down back, link up out the wing, through the midfield to leading forwards who converted. The coaches are very proud of the way the boys handled themselves on and off the field, with special note of the grid game for ANZAC day, where the boys formed a guard of honour for the seniors.

Thank you to Indy Brown, Fynn Bullen, Joshua Daley, Campbell Eastwood, Logan Hamilton, Jack Kinivan, Cash Kinnear, Oliver Lanza, William Laurence, Eamon McDonald, Lachlan Motteram, Angus Prunty, Logan Sonderhof, Isaiah Thomas and Austin Wallace. Also thank you to Brad Motteram for being the team manager for the season and of course all the parents who helped out each week with the various

game day duties and for helping with drills on Friday night. We played many a game early on a very chilly Sunday morning, though were lucky we didn't have too many rainy days. We did miss a few Friday night training session due to very heavy rain though.

We had an overarching theme with regards the boys skill improvement by focusing on accuracy of kicking and handballing. We believe we have helped the boys in this area and set them up for next year, with the opposition even commenting on how balanced and accurately some of the boys kick. Well done. Keep up the focus boys. Congratulations to those boys who took their first pack mark, kicked their first goal, got that ruck tap out and lead well to space, whatever the first for you was, well done!

I wish the boys and parents an enjoyable and successful 2017 with the Sharks, I thoroughly enjoyed coaching the boys this season. All the best, Go Sharks !!

Tim McLennan Award: Logan Ross

The final curtain falls for season 2016 for sixteen aspiring young boys playing in the Under 8 White team.

From the very first morning in King Lake it was clear that the Sharks had a great bunch of kids and that their first season in football would be one for them all to remember.

I must start by thanking the team for giving me the opportunity to take up a coaching position for the first time. It certainly was a learning experience for myself and one that I will treasure for a long time.

I would also like to thank Ralph Nielsen for allowing me to throw him into the Assistant Coach role and fill in as coach on a few occasions when I was away. A big thankyou to my lovely wife Liz Antonellos for taking up the Team Manager role. Somehow we survived it and are still happily married ??.

A special thankyou also to all of the parents who willingly took up various support roles throughout the season that allowed the boys to play out their child hood dreams of playing footy with their mates.

As for the boys I can honestly say that they all showed positive signs of improvement in their skills throughout the year with some of them showing that they may one day go on and play on a big stage if they keep at it.

Tom Bryant - could be a Jack Riewoldt
 Isaac Di Donato - a Scott Pendlebury
 Harvey Fry - a Dustin Martin
 Oscar Hulbert - a Jimmy Bartel
 Daniel Nielsen - a Jaryd Roughhead
 Logan Ross - a Cyrol Rioli
 Zane Stephens - A Dane Swan
 William Torner - a Trent Cotchin

Zac Antonellos - a Jamie Elliott
 Nate Farrell - a Jack Ziebell
 Felix Hatwich - a Jobe Watson
 Kai Knight - a Jack Riewoldt
 Josh Prest - a Jack Viney
 Ned Smith - a Gary Ablett
 Harry Strik - a Dustin Martin
 Josh Betiol - a Brent Harvey

Keep at it boys who knows what you may achieve if you put your mind to it and work hard. Either way the Sharks Football Club will be right with you and will follow each kick of the footy on your journey.

For me personally a major highlight was the amount of fun we had on the journey. There certainly were allot of laughs along the way and the boys had a great time each and every week.

I hope you all have a great end of season break and look forward to seeing you all down at the Club next year.

Go Sharks!!!

Tim McLennan Award: Felix Kilworth

U/9 Red had another successful year in 2016, winning most of their games but more importantly playing an entertaining brand of football with good spirit and good sportsmanship. We improved our skills as the year went on and really attacked the ball, the opposition and the game with great gusto. Our 'brand' is all about hunting the ball and then taking the game on with plenty of run and carry, and the boys did that this year. Below are some of the coaches thoughts on what is a great team:

One of the pleasing aspects of the season was the leadership of Henry MILTON. He is a gun on the field, moving like a Rolls Royce, and his attack on the ball is first rate but his leadership is second to none. He uses his voice, he intentionally brings other players into the game and plays in a very unselfish manner (almost to the detriment of his own game).

Some names go together based upon consistent effort and results: Jagger and Richards, Lillie and Marsh, cookies and cream. Mason HARVIE and Felix KILWORTH will be two such names of the future as they already regularly put on a clinic game after game. When there is a 50:50 involving these boys you just know the Sharks are going to come out on top, and so do the rest of the boys. They tear games apart and kick multiple goals week after week. Already they are being tagged by opposition sides!

Our mobile pack-crashers of Rio CHIRNSIDE and Archie LEONARD give our players a lot of confidence. They always attack the ball strongly, splitting packs open with their courageous attack on the ball. They set up a lot of play for us when they are in defence and goals for us when they are in the forward line. They are so strong in the contest and (most importantly) keep their feet which allows them to power out of the contest.

Another pleasing aspect of the season was the growth from Bruce WADDY and Zac WILSON. Their effort and endeavor is first class. They bring such a positive attitude to the group and to training and this positive mindset has led to an exponential improvement in their skills and confidence. It was a delight to see Zac late in the season fend off an opposition player, take a bounce and kick the ball on the run to set up a goal for us. Just as it is to always see Bruce at the bottom of every pack, on his hands and knees doing the tough work to get the ball moving forward for us.

The sublime skills of Lucas BRASHER are a delight to watch. He has a booming left boot and an ability to read the play, get into damaging spots and most importantly capitalize on his opportunities. Also a strong overhead mark, Lucas always has an influence on the match.

Oscar O'DWYER made a very easy transition into the team. He is in everything, keeping the momentum moving forward and takes his opportunities when they are presented. In the highlight of his season, Oscar put on a clinic with his 'Cyril skills' by stealing the ball off the boot of an opposition player and dancing around a player in a space smaller than a phone booth. A sneaky shot at goal, Oscar has been a great addition to the team.

Our Mosquito Fleet (Lachlan ALLAN, Jacob BRIDGER, Lachlan DICKSON, Jacob SETTE and Jayden SULTANA) gave us a lot of bite around the packs this year and were a big nuisance to the opposition with their constant tackling, harassing, bumping, pushing, shoving and whatever else is legal on the football field in an attempt to win back the ball from the opposition. This leads to a lot of turnovers to us. They hunt the ball with such ferocity that the opposition feel under pressure even when they are not.

Part way through the year we gave our taller, bigger bodied players the role of playing in the ruck all day in their zone and the responsibility to set up around the stoppages. Max BEACH, James KNIGHT and Callum WATSON really enjoyed this role as it brought them into the game more. Their precision tap work was exciting to see. More importantly they follow up their tap work with strong tackles and quick hands.

I'd like to conclude with a big thank-you to Stuart Watson, our team manager. He is made for this role and is always calm as well as being superbly organized. The whole season runs smoothly because of his hard work and dedication. Another big thank-you goes to our assistant coach Grant Milton, who is so passionate about the boys and the team and is a great tactician. A final thank-you goes to all the parents who helped out with the running of the side during the year. This includes Dougal Dickson (always there at set-up and helping at training), Mark Allan (always keen to put his hand up to help out), Richard Sultana (field umpire, which as we saw in the last game is a

very tough role), Shelley and John Beach (trainers) who were quick to attend to the boys if they were injured and to all the other parents who make this side an enjoyable experience week after week, whether that be setting up of the ground, goal umpire, time keeper, water carrier, providing snakes and oranges or helping out at training. The boys, and the coaches, appreciate everything you do and it makes the running of a side of 17 boys enjoyable and smooth.

We look forward to the challenge of playing on the big ovals next year and not being restricted by zones. Our boys love to take the game on and the open spaces will give us a chance to use our pace and run and carry. But this will require another level of fitness...bring on pre-season 2017!!

With another football season come and gone, I have to say it's been an exciting one with the new rules letting the boys been able to tackle this year you can really notice X see them enjoying their football.

We also have added a couple of new players in the team like big Tom Shallvey Dylan Baud, Archie James and Xavia Raso.

From the first practice match in Kinglake to the last game of the season the improvement in the boys was fantastic to see.

From big Tom having a shot at goal from the goal square in the first practice match missing the ball completely with his foot to him then kicking a couple big goals from set shots a long way out in our last game. Dylan who turned into our tackling machine then showing us late in the season how fast he was by nearly making the shark sprint.

The improvement in Xavier's kicking and footy skills was also as good as anyone's.

Jack Inglese always throwing himself at the contest every week and sometimes I think he handballed to the other side just so he could tackle them again...

Lucas Nichols once again showed how passionate he is about football and became quite the team player with anything I asking him to do he always done and tried to the best of his ability, from training to game day this boy was always on fire.

Austin Foxwell, tried his hardest to hurt himself this year as he threw himself into packs flying at marks and always attacking the ball hard resulting in a bag of goals.

Archie James started slow but then really come with some determination to the games which showed in the way he attacked the ball crashing into packs and snagging himself a few goals for the season.

Elliot Finicus was one of the most improved players also with some of his work in the packs with his clean hands whilst under pressure and getting tackled to be able to get the handballs out just the way I showed him, it was a pleasure to watch.

Fletcher also started the year slow but in the round robin took on in the ruck the biggest fella we played against and from then he didn't look back.

Our BMX champ and poster boy for manning the mark Shaun Kelly had a great year but was forced to pull out the last 5 games with an injury but seeing back shooting laser tag at our break up was pleading for all to see..

The happiest boy on earth Jedd Little had a great year kicking some goals and always adding a plenty of entertainment to the team, once we worked out that his dad had to fire him up on the drive to the game there was no stopping him. Along with his partner in crime Gilbert Pezzimenti who's efforts later in the year really improved, if only the season went longer Gilbert was ready to tear them apart.

My little mate Zach Millar give us a stable hand down back guarding the goals like a wall and then when he felt like it he'd take off and show us his pace rebounding it out of the back line.

Our H's Hamish Noonan and Harrison Read continued their fantastic form from last season but with both lads also great listeners it made them a delight to coach again. Both boys always giving it their all.

Skills man Corey Sekac delighted the fans with some explosive dashing goals but when there was a Gatorade up for grabs in the last game from dad all of a sudden Corey started tackling and it's the little thing like that, that only makes a good player better..

My man Byron Bradshaw the fella who along with Coby makes me love footy again. The big fella had a brilliant year kicking goals, giving them some (don't argues) and tackling like a mad man. Shattered to misses the last couple games with a broken finger but great stuff mate.

To last but not least our Tim best team player award winner. Charlie Sizer!! Charlie was amazing this year. He's fast, has great skills, fantastic mark and determined. He also this year matured, if that's possible at 9yo. Never

mucking around, always listening and trying his hardest at all times. Also when called upon to go up to the under 11's to fill in cause they were short, did so with real excitement and held his own with the bigger fellas out there showing us he's also a real clubman.

To our little Sharkies Coby, Will, Jullian and Henry who trained with us most nights, sang the song with us and were a real part of the team, I look forward to watching you guys in the future.

It's been a big year boys and we have all learnt a lot. Mostly myself and I thank you boys always for that.

I've loved coaching all you guys and being apart of your lives.

I have to give special thanks to all the parents who somehow got stuck with me coaching their boys.

Most of all, Assistant coach and team manager Mark and Anita Inglese, thank you both so much for all your efforts. Mark your bloody champion and what can get very confusing thing to do, keeping the wrist bands changing over at quarter time and sharing the game time evenly between the lads, picking awards, whilst jumping out of your skin to still do more for the team hasn't gone unnoticed thanks mate.

Michael James our assistant (skills coach) helper, thanks for always putting up your hand at any stage to assist when needed.

Our weekly umpire Tony Nicholls, thanks heaps mate. It's a tuff job and I just love the way you go about it! Easily the best umpire through out all the teams we play against. Continually opposition coaches comment on how good and fair you umpire the games, cheers Tony.

Also our fill in Umpier/X assistant coach Marty Sizer always there doing anything asked of him, when Tony was out injured seeing you walk in the change rooms wearing the Lycra pants before I'd even thought that we needed an Umpier, was not surprising, ta mate...

And to the drummer in the band (team manager) Sarah Coffey....

On behalf of everyone in the team thank you so much!!

When someone is told they need to stay in hospital over night and demand they be released cause her under 9 teams got their round robin tomorrow, then be first there in the morning just shows how good of hands we're in!!! Along with the efforts of yourself and Noons with Auskick, team managing, your 3 boys and being absolute cracking people along with the rest of it you do. By the time your lads are finished playing juniors at The Sharks there may well be a wing named after you both!! Thanks heaps guys, stay safe and see you all next year, Brad!

GO SHARKS!!!!

It is hard to believe that another season of footy is over. It was great to see all of last year's boys back, as well as a few new faces who seamlessly integrated into the team. It is such a great group of kids who all get along so well.

2016 was all about adjusting to playing on a full sized oval, getting used to playing positions, as well as continuing to work on our core skills of kicking, marking and hand balling. The season started off pretty hard for the boys being placed in the Under 10 Brown division, which proved to be too high. We came across a few teams who were physically bigger than us and with some pretty skilled players. The boys put in a huge effort each week and kept their heads high despite having a few big losses. Like they say, what doesn't kill you only makes you stronger and I believe that these first few grading games did just that.

After grading we moved down to the Under 10 Blue division which was much better suited to where we're at as a team. Instantly the boys were far more competitive and we saw their confidence grow each week. We finally got our first win in round 10 against Camberwell 2. The boys got the game off to a great start and their confidence was sky high. They played out of their skin and once the final siren sounded they celebrated in style. It was so great to see, and you could tell it meant so much to all the boys. I have never heard the club song sung so loud and so many times.

Our second win came in Round 12 against Preston Bullants at home. It was a cold windy day with one end of the ground producing all of the goals. We kicked with the wind in the first quarter and got off to a good start. Preston fought right back in the second and took the lead. We knew we needed a good third quarter with the wind to have a chance of winning the game. We dominated the quarter but didn't manage to kick as many goals as we would have liked and went into the last with a narrow lead. Preston kicked a couple of early goals and took the lead. The boys then switched into another gear and kicked the first goal all game into the wind to be right back within reach. With about 30 seconds left on the clock we kicked the sealer. What a huge effort! Two goals into the wind to take the game.

The season came to an end with the Lighting Premiership. This was a great opportunity to see how far we had come as a team. We ended the day with a win and were really competitive for the other two games. There were some great passages of play and the improvement in a core skills was easy to see. I thought it was a great end to the season, a season where the boys all kept their heads high, supported each other, and really listened and learnt and most importantly had a lot of fun.

A big thanks to my assistant coach Dean Prest for all of his support throughout the season. Adam Kenny, our super organised and patient team manager, and Anne Blaser our Trainer for looking after the boys each week as well as organising our end of season event which was a heap of fun. There is a lot that goes into getting the boys trained and at the game each week and I couldn't have done it without you all. Thanks also to Rod Bastin our runner for most games and Dan Van Winckel for doing the boundary umpiring. And finally, thank you to all the parents, all of the little messages of support and thanks mean a lot. It is a great group of kids and it has been a lot of fun coaching them, I hope to see them all back again next year.

The Under 10 Red's

James Alonaris – The Stealth. Quiet but deadly.
 Connor Bastin – The Big C. Big man, big mark.
 Joshua Cahill – The Big Block. American Muscle.
 Flynn Hutchinson – The Angry Ant. The tackle machine.
 Brady King – The Back Pocket King. Tough and mean.
 Max Mackay – Max Dynamite. First season, explosive impact.
 Lachie O'Keefe – The Flee. Small and everywhere.
 Oliver Postill – The Package. Great mark, great kick.
 Oscar Pragmaratne – Catch me if you can! Super-fast.
 Lachlan Sherriff – The Magic Dancer. Loves a goal.

Alexander Bakacs – Top knot, top notch.
 Daniel Blaser – The Bruiser. Hard at it!
 Finn Doherty – Loves a goal!
 William Kenny – Mr trusty. Silky smooth.
 Samuel Prest – The Pest. In everything.
 Oliver Tibb – Mr Magic.
 Samuel Van Winckel – The Man. Tough!
 Adamo Vigo – The Bull. Watch out!
 Kye Bertram – Fast, skilled, tough.
 Bailey Wallace – Tough and under.

RUBIKI

Alan Gastians: 9879 0869

Best and Fairest: Josh Smillie **Runner-up: Gabe Stumpf**
Third: Lachlan Quinn **Most Improved: Jacob Tymms**
Coaches Award: Daniel Albers

After a great year of improvement in 2015; and hearing that all of the boys were coming back along with 4 New Sharks; there was no way we were going to halt our coaching aspirations for 2016.

Our list of little Sharks included:

Daniel Albers	Domenic Batten	Lachlan Di Conza	Riley Di Conza
Max Dominko	Jack Fortington	Jake Galstians	Josh Galstians
Andrew Holt-Oakes	Liam Jenkin	Ben Murphy	Oliver Nitz
Lachlan Quinn	Josh Smillie	Harry Smit	Joel Stephens
Gabe Stumpf	William Tait	Cameron Turner	Jacob Tymms
Tom Worthington			

With the introduction of a scoreboard and the removal of zones we were about to enter uncharted waters; nonetheless all of the boys were looking forward to the year. Our goals hadn't changed – Our year was to be based on enjoyment, mateship, team and continued development in the basic fundamentals of Aussie Rules.

Due to a few logistical issues our pre-season / preparation wasn't ideal, but with only a couple of training sessions under our belts we kicked off the season in fine style with a 6 goal win against Richmond – With all of the boys acquitting themselves really well; including our 4 New Sharks Max, Harry, Will & Dom.

We were lucky enough to get access to the newly resurfaced Stintons Reserve with our fellow Under 10 Red mates (Thanks to Jase & Dean) on a Thursday Night. All the boys excitedly attended training where we tried to run drills that were both enjoyable, competitive and educational. Kick to Kick after training and pot shots from the boundary line after training was always the boy's favourite part of the night.

We were placed in Section 5 (Black Division) and after the 1st 4 games in which the boys really competed well (think we won 3 and lost 1 by 1 point) and importantly played each game in the right spirit; we were moved up 2 Divisions to Green. With our emphasis on giving all of the boy's opportunities in all parts of the ground; we could not have been happier with the way each and every one of them were applying themselves and being extremely well supported by a huge turnout of parents, siblings and friends each week to watch the lads go about their business.

As the weeks went by we could see some real development and improvement in all of the boys both individually and as a team; this was evident by the team work being applied during our games. One of the most pleasing things throughout the year was the many positive comments made by Opposition Coaches about the way we played and our team work.

All of the boys should be very proud of the year – After 14 games we won 11 and lost 3 (by 1 point, 1 point & 5 points). With our Lightning Premiership in Round 15 we unfortunately missed out on making the Grand Final by % only. We were in a position late in the last game in which it would have been very easy for all of the boys to drop their heads – but what we loved was the way they never gave in and kept trying their best to eventually run out winners – I don't think that Sharks song has ever been sung that loud.

Big thanks to all of our parents this year for your support and assistance – Your help does not go unnoticed and is greatly appreciated by not only us and the Club but most importantly; your sons. To Rachel Stephens our Team Manager again this year; another sterling job – Thank You in what is no doubt a tougher gig than coaching (Hope you'll be back?), Matt Tymms – Our Medical Guru who was kept very busy this year (Matt really appreciate everything you do for our boys and hope to retain your services in 2017); Dave Stephens for everything he did throughout the year - Assistant Team Manager, Runner, Boundary, Ground Set Up, Cam Quinn for all of his efforts - Always happy to help with any job and at Training each week, along with Al Galstians, Rob Fortington, Matt Tait, Leigh Nitz, Dan Di Conza and Pete Smit for all of their help with running the boundary and helping at training on those wet /cold Thursday nights.

Like last year we both thoroughly enjoyed our time coaching the boys and we hope to see you all again in 2017.

Best and Fairest: Cooper Long
Third: Kyan Brasher
Coaches Award: Tom Coughlan

Runner-up: Matt Parrott
Most Improved: Solomon Brown

Park Orchards Sharks Under 11 Reds entered the season with 19 out of our 21 players from the previous year returning with the addition of a couple of new faces. What we lacked in height we more than made up for in speed, intensity & pressure.

As a team, we had boys who were entering their 4th season together, having begun as bottom-age Tackers. That meant we had the staggering achievement of 10 boys reaching the 50 game milestone during the season, even having 3 on one day as red, white & black crepe paper was in short supply at the local newsagent! Congratulations to Rhys Jones, Mitchell Clark, James D'Alberto, Tom Coughlan, Will Sonderhof, Dan Smith, Kyan Brasher, Ben Sette, Harry Bryce and Jacob Leumont.

We started the season a little shakily in the 2nd top (Brown) division and we were re-graded down to Green division. We found the going a little easier and the season was certainly a success for us. After the slow start, we came home like a train winning our last 5 home & away games to sneak into 4th spot on the ladder. Unfortunately we couldn't keep the momentum in the elimination final going down by 12 points but not without a real fight. Some of the season highlights included:

- vs Camberwell, holding on for a hard-fought 1 point win to get our season back on track. Matt Parrott's 4 goals and Mitch Clark's game-saving defensive mark the highlights.
- vs Templestowe after they had held us to only 1 goal in the earlier meeting, piling on 9 goals to 1 for the game and stamping ourselves as a real finals threat on our run into the last few rounds of the year. Cooper and Kyan exceptional.
- vs Greythorn, who, by the final round were clear on top of the ladder having only lost one other game for the year in round 2, we needed a win to guarantee holding onto 4th position. The boys turned it on. We won on the scoreboard 8 goals to 4 to cement our finals action but it was the way the boys played that was truly exceptional.
- vs Doncaster in the elimination final. Although we lost by 2 goals, the boys never gave in and certainly had as much of the play as the opposition but just couldn't capitalise. We were all gutted at the loss but that should only drive us forward in future seasons.

As mentioned previous, the 50-gamers all performed admirably throughout the year as did the rest of the team. Kyan Brasher & Will Sonderhof were so skilful and brave with exceptional marking abilities. Tom Coughlan was a standout ruckman but could play anywhere on the ground with great effect. Mitch Clark, Matt Parrott, Sam Averay and Rhys Jones gave up plenty of run and speed across the park. Dan Smith and Harry Bryce were our enforcers in the back line, never shirking a physical contest. Ben Sette always put his mind to the task at hand, never getting out-smarted by his opponents. James D'Alberto was as brave as they come attacking contest after contest no matter the size of opponent. Jacob Leumont was probably the bravest though, backing back into packs without fear. Cooper Long came across to The Sharks and was exceptional winning his own ball and using it so skilfully on either side. Blake Keane & Jeremy Williams improved and demonstrated that they were more than capable ruckmen. Matt Watt returned after a year off and was exceptional with great marking and superior skills, especially shown during the elimination final where he was best on ground. Daniel Kosi never gave in and provided great tackling pressure. Solomon Brown and Lucas Ramage became very important linchpins in our forward line combining really well together. Liam Watts excelled at full back, rarely getting beaten in a contest. Tom Rees, despite missing 6 games was exceptional and a favourite to coach due to his capacity to take on advice but also execute his skills under any pressure, another with exceptional marking ability.

As under 11s, one of the most pleasing aspects was to see how the boys now have a much more solid understanding of the game. We began to work on tactics and set plays. The ability to cover opponents was exceptional towards the end of the season, prepared to roll back to pick up players. The also learnt that they could use their skills to move the ball down the field, kicking to the advantage of team mates and moving the ball quickly. We prided ourselves on our tackling and putting opposition players under pressure. We made repeated

efforts. We backed each other up with shepherds, voices and encouragement. We never gave in, shown in the elimination final when 3 goals down at 3-quarter time, we lifted and continually controlled the footy, just unable to kick the goals we so desperately strived for.

Off the field, Andy Ramage took on the Assistant Coach's role and was exceptional. His encouragement of the boys at training and on game day was always positive. After not being able to fill the Team Manager's role early, I was very glad that Pete Williams and Dave Watts agreed to split the position. Their assistance to the running of the team was invaluable and I never once had to be concerned about the players not knowing where and when we were playing or who was filling the necessary roles on a Sunday. That leads nicely into thanking all of the volunteers throughout the season and I thank everyone for contributing. Lucas Rees and Rob Sette for covering the runner's duties. Paul Coughlan and Dean Leumont for assisting as trainers at various stages. Damian Bryce, Rachel Smith, Stuart Keane, John Kosi, Dan Sonderhof and Rob Sette who also ran the boundary. Goal umpires Scott Brasher, Jarrod Long, John Kosi, Darren D'Alberto, Kerry Averay & David Watt. Water carriers, time keepers, umpire escorts & ground managers which were variously filled all of the families including the Brown family and Parrott family. Big thanks to Dave Watts who with camera in hand was a magnificent paparazzi taking great photographic record of the year. Big thanks also to the band of regulars who turned up on Thursday nights to assist with training your contribution was invaluable and much appreciated. A great result was also the behaviour of our families, not once did we have an incident which needed addressing. You all should be proud of the way you conducted yourselves in encouraging The Sharks throughout the year as positive role models. Finally, a huge thanks to the boys themselves as they were the real stars of the show. You all have bright futures ahead of you and with continued dedication and application, especially to training, there is no reason that anyone shouldn't believe that they might just make it to much bigger and better things.

Congratulations on a great season to all.

What an amazing year the Un11 Black Sharks had in season 2016! We won our 4 matches in Black division & went up to Blue where we finished the season on top but had lost against 2nd & 3rd. Our training had paid off as the boys lifted to another level for finals winning the 2nd Semi Final by 43 points and the Grand Final by 72 points – our equal highest winning margin of the season in Blue division.

Our focus from the start of the season was “Team First” football – Attack the Footy / Fast Footy / Play Your Position & Talk, Talk, Talk! It was pleasing that the boys embraced this game plan and understood that it was team football that created success. It was the discipline & following process with passion and enthusiasm that delivered the results – we celebrated how we went about it ... the result was a by-product of how we trained and how we stuck to our team rules.

The coaching approach was all about creating a safe and supportive atmosphere in which the boys could improve their skills in a team environment while having fun with their mates. Every training session was pre-planned. Early in the season each boy’s basic skills were assessed: kicking, marking, handballing & ground ball pick up. Our sole focus was on the positives – teach the boys what ‘to do’ by showing them ‘how to do it’ and get them to practice the correct technique again and again. The coaching team also identified each boy’s positional strengths & developmental areas, however we rotated the boys almost every quarter through the season to round 11 then we asked boys to develop a deeper understanding of certain positions for the final 4 rounds and through the finals series. Each boy received an individual report late in the season just before finals with written guidance on what they did well and specifically what they needed to do to improve each basic skill.

It was a real privilege to coach this group of boys:

No.1 Josh Tovey: he is as hard as it gets – he’s super enthusiastic and an incredible mark. Even after breaking his hand (playing basketball!) & missing 7 matches he watched every match and returned to play very well in the GF.
 No.2 Sebi Lee: he’s small compared to some but the size of his determination is what counts and he’s got plenty of it – a great “in & under” player with clean hands and a fierce tackle – we’ll all remember THAT tackle in the GF. Thanks for your support & guidance during the season.
 No.3 Tom Morcom: Is blessed with excellent skills and reads the play like few can - Plays the half back flank like he owns it and can also play midfield & forward when required.
 No.4 Fraser King: has an amazing goal sense – he led the goal kicking before missing a few matches mid-season and was involved in many goal assists.
 No.5 David Broadbent: epitomises team with his actions – does the 1%ers brilliantly. Huge improvement throughout the season: from very good to elite! Won the Most Improved trophy. He also captained the team in both finals matches.
 No.6 Benedict Evans: a very intelligent footballer and although he missed 7 matches his contribution was fantastic. His long kicking from the backline set up many plays.
 No.7 Sam Harrison: loves to run the wing – a champion link player who improved significantly. He dominated against Preston in R15 and is developing great courage.
 No.8 Tom Murphy: Part of the Premiership winning defence team and did his job with steely focus - Tackles well and always looks for his team mates.
 No.9 Zac Smith: massive improvement this season – went from handballing only early in the season to marking, kicking & running & bouncing with confidence. Played well in the GF and will keep improving as few have his passion for the game.
 No.10 Nicholas Chisholm: loves the contest – goes in hard and plays the centre very well. A determined “in & under” player who never stops giving his all.
 No.11 Cooper Trembath: Unbelievably strong for his age and uses it – his marking and tackling are amazing.

He’s unstoppable in the ruck and he just kept improving – what a season! Cooper won the Yarra JFL B&F, our team B&F and was awarded best on ground by the umpires in the GF. No.13 Taj Chirnside: Started the season learning the game but his attack on the football and work in the ruck was top shelf - Developed very good defensive skills. No.14 Ben Waddy: At the beginning of the season he struggled to get near the ball - by the end of the season he could tackle and kick and contributed very well to the team. No.15 Tobias Kilkenny: He’s amazing behind the ball – runs, kicks & marks as good as anyone and although a natural backman – he kicks heaps of goals. Played an astonishing final series and was the only player to vote in all 17 games – 3rd in the B&F. No.18 Oscar Pollock: I have a soft spot for this boy – great character - loves to ‘fend off’ and kick goals and understands how important the ‘team is’ - huge improvement during the season. Was our lead goal kicker in the final series with 7 including 4 in the GF. No.19 Bradley Oakes: hard at it – loves the contest and knows where the goals are when given the chance - A true key position utility player. No.20 Sam Stephens: such a great boy – he doesn’t realise how strong he is – is already very good and continues to improve but can improve so much more. No.21 Joel Foxwell: was Runner Up B&F - is a delight to coach and has skills most of us will never have – so clean it’s scary, his metres gained are extraordinary. The way Joel delivers the ball to team mates is 2nd to none. No.22 Bradley Hume: a very smart young man – did whatever role was required of him without question - he saved heaps of goals in the backline and loves to run with the ball – a real team player and a pleasure to coach – Well done on the Coaches Award. No.23 Boston Harvey: although a natural forward and kicked plenty of goals he continues to improve his all-round footy skills – when focussed can really mark & kick very well. No.33 Rio Chirnside: Joined in R10 when we could barely field a team. Played amazing football for a 9 year old in Un11s!!

To the coaches, many thanks it was a team effort: Jeff, your focus on the “little things” that do matter: including shoe laces, the power of a team circle and specific technical skills were fantastic. Sean, the game day specialist – you were great support to me – thanks for your input & being runner all season. Damian, your ‘game sense’ and ability to see exactly what was unfolding in every match as it happened was amazing. Peter, a huge thanks for being Team Manager – a job well done (with some help from your daughter Jessica!) – it was great working with you.

Finally a big thanks to all the parents for their support and specifically those who took on permanent roles on match day, filled in at short notice and helped with training: Paul Stephens, Nathan Tovey, Adam & Simone Pollock & Dominic Lee.

Boys, be proud! You have all improved an enormous amount and tasted Grand Final success.

We all look forward to watching you play again with the Sharks in 2017!

Well what a season 2016 turned out to be for Under 12 Red!

At the start of the season we lost our first 3 grading games in gold division, it looked like we were in for a long year. We played our fourth game against Camberwell, we managed to fill a full team and we also had our first win, from then on we didn't look back, each challenge we came up against we met full on, the team was improving week in week out. Every game we played the pressure from the opposition was intense and the way we handled it and conducted ourselves on the field was first class.

After the Camberwell game our confidence was coming back and we won 3 more games in a row. We then faced Hawthorn with 5 regular players missing and just missed winning that game. Then we had a win against Ashburton, had a game to forget against Heidelberg and then went on to win our last five games of the season. Each week every player was improving, the team work and the group were tight, determined and courageous!

After the last win of the season we had made finals finishing in fourth spot, 10 wins had been achieved for the season in Gold Division, and only one game separating the top four on the ladder. We took on Surrey Park in our final and unfortunately we did not get off to a good start in the first half, our third quarter was fantastic but unfortunately we were unable to continue that form in the fourth quarter, we lost our final but by no means does one result reflect on what was achieved throughout the year!

One of the things that stood out during the year was every team we competed against were hard and fair at the footy and as a complement to the group we were as well, as mentioned we thought we were in for a long year however it turned out to be a great year! Every player in the group should be very proud of what was achieved this season, I know myself and all the parents are.

A BIG thank you to Juliet, Ray, Vicki and all the parents for all the help this year in what is a great group of parents and kids, we look forward to seeing everyone next season and also look forward to more success!!

GO SHARKS!!!

The boys started off the year in Black division but we could quickly see with the improvement and focus they showed in pre-season training that they needed to go back up to Blue. After regrading, we continued on our winning way, however, the lift in skill, ball movement and intensity at the footy required some time for most of the boys to adjust.

In this time, we suffered 3-4 injuries over a month hurting our depth and team structure but the boys remained competitive only losing by the smallest of margins. My focus for the boys was to ensure they understood their role within a team whether they are the best player or not and that all team members must compete to the best of their ability. We also wanted to focus on teaching the team how to defend and contest the ball and when we have the ball, to develop the game awareness of ball movement either by hand or foot into space. The boys improved in this each week by trying to open up the ground, take the risk and move the ball quickly.

The Blue division was very tight throughout the year whereby we could drop out of the four with a loss or back in with a win. Only 3 games separated top and bottom! Our team as the year went on could never be questioned for their endeavor, their attack on the footy or the opposition if they had it. Our training had high numbers with discipline; training in the Red Sharks jumpers (no excuses) and mouth guard at all times. Training was at an exceptionally high standard with boys focused, listening to their coaches and wanting to improve in their own footy and team play within the Under 12 Black side.

The parents were extremely supportive throughout the year, always participating in the rooms after the game adding to the positive atmosphere. The parents who were always at training offering to help were fantastic. My two Team Managers in Louise Jeffery and Tamara Keyes were always on hand to help and were extremely organized allowing me to focus on coaching the boys. My coaching staff in Rob Bomford as Assistant, David Smeed doing the running and Guido Gagliardone helping me with team related stats were very supportive and always a positive influence.

I felt very lucky and privileged to coach this side who were faultless in their attitude towards each other but more importantly representing the club, their family and themselves each week was without doubt a true highlight of the year. We reinforced from the start of the year, they would be a hard side to play against and this they delivered beyond my expectations. With a little luck we could have slipped into the finals in which I know they boys would have caused some headaches.

Thanks again to the boys for a great year!

The season started well after we had our team selection policy period out of the way, the Under 13 reds were formed and started to take shape as a team, playing with a combination of the three under 12 teams from last year. The focus for these young men was set and the goal of the team was to play our brand of football well, and develop with the view of being able to take on the best in the league. We were initially selected in Brown Division and with a few good wins under our belts, there was a promotion to GOLD division and a chance to compete with the very best in the league and see what we were able to achieve.

The encouraging part of our promotion was that we quickly found out that we would need to be competitive across all positions on the ground, for the full four quarters and be able to compete at ground level and in the air. We knew that we had a disadvantage against usually stronger and taller opponents, but that would not stop the competitors in our team from trying their hardest at all costs to win.

The Sharks can take pride in their competitive endeavour in GOLD division and, although we know we need to improve, in the ability to secure wins throughout the year and end up 5th on the ladder and improving towards the end of the season with wins against good opposition and being more competitive against the ladder leaders.

I was also impressed that when the vote counting was being done, we had every team member poll votes throughout the year consistently, and that the voting was tight between the top and the tenth position, which will only add to our future depth.

As we go through the numbers I am able to talk positively about all the team members performances and their development:-

#1 Matt Wallis AKA "the Mullet" or "the Muppet (the artist formerly known as the Mullet)" who started the year as a goal kicking machine (leading the goal kicking after the first four rounds), but was also able to play his role, finding a spot in the backline as a defender who was able to read the ball, and then exit the ball with precision accuracy. He has silky smooth foot skills and was able to hit up targets all over the ground, and was instrumental in helping turn sticky situations into forward pushes when require on the wing. Intelligent user of the footy and always had the boys "G'd" up at the breaks. Was also our running practice at the end of training with the call of "get mullet" eagerly awaited by all.

#2 Matt "WADDO" Waddington who was as versatile in the forward line as in defense. Waddo takes instruction like no-one else in our team and was able to follow it to a "T", much to the delight of the coaching staff, be that, a tag, a forward role, or a special task. Waddo was able to do the "don't argue" better than anyone and displayed the ability to take on the tackler without any care of getting caught. Went forward later in the season and was an invaluable target, getting open and fighting hard to stop the ball exiting the forward line.

#3 Ryan "Rhino" Lawrence, who spent the first part of the year being our defensive wing player who sat behind the ball, reading it beautifully and making teams pay with his rebound play across half back, setting up numerous forward penetrations with run and carry, and smart disposal work. I then shoved Rhyno up into the forward line where he became our main hit up target and worked defensively brilliantly also. Great two way footballer.

#4 Will "FASULENKO" Fasan, played a stunning wide gathering game and was able to regularly take the ball intelligently from half back to half forward with space to spare and use his leg speed wisely, hitting up targets for us to have scoring opportunities. Although struck down mid-season with an Ebola like virus, FAS was back into it and starring for us, doing the task at hand, with hardly a word said, just a smile and a wink that "It will get done"

#5 Tom "BIG LES" Sonderhof, who consistently finds space and time on the ground to dispose of the ball perfectly, and backs up for the running game. He was able to develop as a leader throughout the year and was able to be called upon to perform roles as required for the benefit of the team. Another great year. Tom will start to develop into team and club captain material in the next few years, as long as she can keep a level head, and I would hazard at a guess that if he takes instruction well, a future star of the club.

#6 Matt Faulkner, "Stinger (and his hair) was part of a solution, wherever he was required, and in whatever role, he was able to deliver the required outcome, and showed tenacity throughout the year to get to the ball first and wouldn't let the size of his opponent deter his will. Developed a better disposal ratio towards the end of the season when he was lowering his eyes and using the ball well all over the ground. He has a tank that is unrivalled in our team and would run defenders ragged just trying to keep up with him, sometimes burning out two a quarter, keep it up Stinger (the good play, not your hair).

#7 Alex "The FREIGHTRAIN" "Macca" Macrokanis, had a solid year and found the footy from one end of the ground to the other, with a run, bounce and carry ball game like no other, consistently prepared to take on and break tackles and toward the end of the year, deliver the ball with a pinpoint accuracy. Alex tends to be his toughest judge, but from my point of view, I would take eight more of him in a heartbeat. A pleasure to coach.

#8 Jesse "JB", "Maddog" Brown. I would say that Jesse is the quite achiever in our team, and played a stand out role in the backline (the backbone in fact) early in the season, and whether forward or in the middle toward the end of the year, always went about gathering possessions and getting the job done, without any fuss, and without big noting himself, a true professional and gentleman, and definitely a future leader of the club at a senior level. One of my "go to fellas" for the tasks that don't get you noticed, but win games of footy, so a big thanks to JB for just getting the job done.

#9 Lochie Todero. "LT" is the penultimate sheep in wolf's clothing. He comes across as a gentle soul, and not an angry word will be spoken by him, trains well and gets along well with all the team mates, but come Sunday game day, and Dr Jekyll turns into Mr Hyde and the beast is unleashed. A harder footballer you would be hard pushed to find, and is prepared to go about his business in any role required by the team, by the coach, and without equal in his ferociousness. Love it LT, well done. I would like to think that the tenacity shown on the football field will develop into an invaluable asset for the Sharks as a whole, and we see LT as an example of how to go about the game.

#10 "Slamming Sammy Linkin" was sensational at his approach on ball, sometimes risking life and limb for the ability to get first to the footy and with those soooooo silky foot skills was able to hit up team mates to their advantage. Sam was instrumental in victories throughout the year with his pack clearance work, plays out of his skin and is smart with the football and to boot, has great vision. I can see Sammy developing in the future into a champion of the club.

#11 Josh "get a hair-cut" Moerenhout, is a perfect example of being able to take coaching instruction well and was one our best developers during the year. He initially had a tendency to slam the ball on the boot and by half way through the season had foot skills to be envied by some of his other team mates. Josh was able to play against any opponent, of any size, and skill level and make them play his way, with a sensational ground game, and run and carry that left the opposition lagging behind. He was a stalwart of our defense when needed and

provided me with one of the best utility assets whether I put him up forward or in the middle, I always was positive that Josh would deliver. A very consistent year, very consistent.

#12 Hamish Hamilton, HHH is another one of the team who started with a great base line of silky smooth ball skills and a want to see his team progress. His use of the ball wisely in close quarters was unparalleled, he can hit up targets with accuracy by foot and by hand and makes footballing decisions to compliment his skills perfectly and when needed, can turn a game on its head with an outstanding quarter of purposeful football.

#13 Owen "Foxy" "BIG O" Foxwell. With his tasty left foot and a cat like awareness of where both his opponents and team mates are, Foxy was a pillar of strength both as a player on the ground, and as part of the coaching staff on the field, with his voice being heard constantly given wise football instruction to his team mates, and providing feedback at the breaks of the on-field goings on of the opposition, BIG O was an invaluable member of the coaching make up. Future club leadership qualities for this guy, and finished just outside the trophies, but was more valuable than he realised.

#14 Brayden Scott, "BRAYDOGGER" played a great year and was another one of the posse that could be utilised in any role, at any time, and do it well. He was able to hit up leading targets, take on the ground game with a ferocity and vigour and his speed and clever use of the ball meant an invaluable asset that could be mobilised at any position and perform. I know he wouldn't like me saying it, but played like a bloke twice his size, and was able to contest the hard ball like an animal, and coped a few bloody noses and black eyes to prove it. Watch out when this kid does get a bit of meat on him, he will be an animal.

#15 Henry "the Bandit" Ameer. The bandit and I made a pact at the start of the year that when the door closed after the drive to footy, then the roles were, "Me Coach, You player" and to his credit, he performed his role perfectly. He was my "go to fella" for any dirty task that needed doing, whether that be to shut down a key forward for the opposition, which he did well, run all day in the middle or be the tagger on the kid that was tearing us up, his roles quite often went unnoticed and under praised as not to cast him in the light of "the coaches kid". He was still just outside the voting for the B and F and his unwavering ability to follow instruction was very much appreciated. Probably the best set of hands in our team and possibly the league, and never once did he complain about the role asked of him of "his Coach". Well done

#16 Brock Nitz "BROCK-HARD". Here is one of the rarities in any sport, a kid that will do what is asked of him, without any hint of a complaint, ready to please and wanting to be his best for coach, team and club. I call it "coachable". Ready to take on the role of backman, ruck against a giant, or play backline for weeks in a row, Brock just got about doing his best for the team, without question, was happy doing it, and was thankful for the opportunity to do so. I have seen him develop well over the year and expect his star to keep on rising.

#23 Adam Markic-Smith. "ADS" or "The animal" doesn't just have a double barrel surname, he has a double barrel of determination and drive. He was staggeringly hard at the ball at every contest and has a focus and calm about him on the football field that must make the game seem as if it's in slow motion, the way he moves is majestic, and I am sure that we would have been far worse off if we didn't have his ability to move the ball from stoppages as ADS was able to. He is as an intelligent footballer as you could wish for at this age, well done "Animal".

#25 Xavier "the X factor" Turner. Xav had a hard one as a broken hand held him up from developing in the mid part of the season, but we say the ability to use the ball well at both book ends of the year. Xavier "got" the team game plan very early and as an intelligent user of the ball when it was in his possession and although he had the stint on the sidelines, he was able to slip straight back into the team and perform an invaluable role and pick up where he left off.

Having been the first year that these fellas have played together, I am buoyed by what the future holds, and by what will be a better 2017 for the next twelve months holds for this group. I have tasked these boys with taking on the best next year and being at the pointy end of the table come finals time. That means a lot of hard training, some hard core recruiting to get a bench together for rotations and a ton of endeavour and determination. After the performances this year though, I don't think I need to worry about endeavour or determination.

E.D.E fellas, E.D.E.

See you all in 2017 when the SHARKS go for the flag.

It was a great privilege to coach the U 13 Blacks. It was a challenging start bringing together a group of boys from different teams last year. It took us four to six weeks to get going. It was great to review the year and see improvement over the course of the year, evidenced by just missing out on finals by only percentage. As the year progressed, it was which was harder to award best and fairest votes, as more of the team shared the workload. Some of the highlight games.

No question our emphatic three wins against St Marys by 73 points at home in round 4, in Round 9 away by 31 points and in round 14 by 70 points were enjoyable. The first win was great to see the boys bellow out loud and proud the Sharks club song.

Our most significant win was the last round. We entered the final round needing to beat Fitzroy – who were third, away from home, to have any chance of making finals as we were equal fourth on the ladder. The boys were very gutsy, and in hot conditions, toughed it out to record a 13 point win. Unfortunately, St Mary's didn't hold their part of the deal and lost to Heidelberg who grabbed a final spot with fourth, on percentage.

Our other most notable win was a stirring come from behind win at three quarter time against Heidelberg at round 7. The last five minutes of the third quarter was critical with a goal by Finn just before the close putting us to an eleven point deficit. At three quarter time, I asked the boys to put everything into it and I reminded them that Heidelberg had thumped us by 63 points in round 2. They responded. A mighty four goal final quarter was a famous come from behind win.

The one that got away was the game against eventual Premiership winners Ashburton in Round 8, away, where in front at half time we ran out of gas in the final quarter, to lose by 7 points. The Ashburton coach after our last round against them was – in a friendly way – hoping we wouldn't make finals as we were very competitive with the Premiership team.

A key reason I enjoyed coaching these boys is we learnt ways to try and bring the best out of them. As the year progressed, we brought in a few aspects that really helped me to get to know the boys:

1. One to one chats at training
2. One to one chats pre game
3. Captains address of players.

It was a great year thanks also to my supports. I need to acknowledge the following people who gave the boys the best opportunity to improve with their footy.

My assistant coach, Greg Skien, was a great mentor. Being appointed four weeks out was a little daunting. I asked Greg to assist as he has been in the system for ten years with his eldest boy, Mitchell, who is playing U19s. Greg helped me with strategy. With Nick /Jeff, there were many phone calls between games on what we could do better or glee over a great win.

The team manger is probably the most important person in our group. Carolyn was absolutely fantastic – organised and dedicated to the tee. She was the glue of our group. As, Carolyn was doing a great job organising the roles per week meant we could focus on the boys and their footy.

Finally thanks to our runner Nick and Jeff when he filled in as Assistant.

Similar to Greg, I was very fortunate to have these great advisors help me.

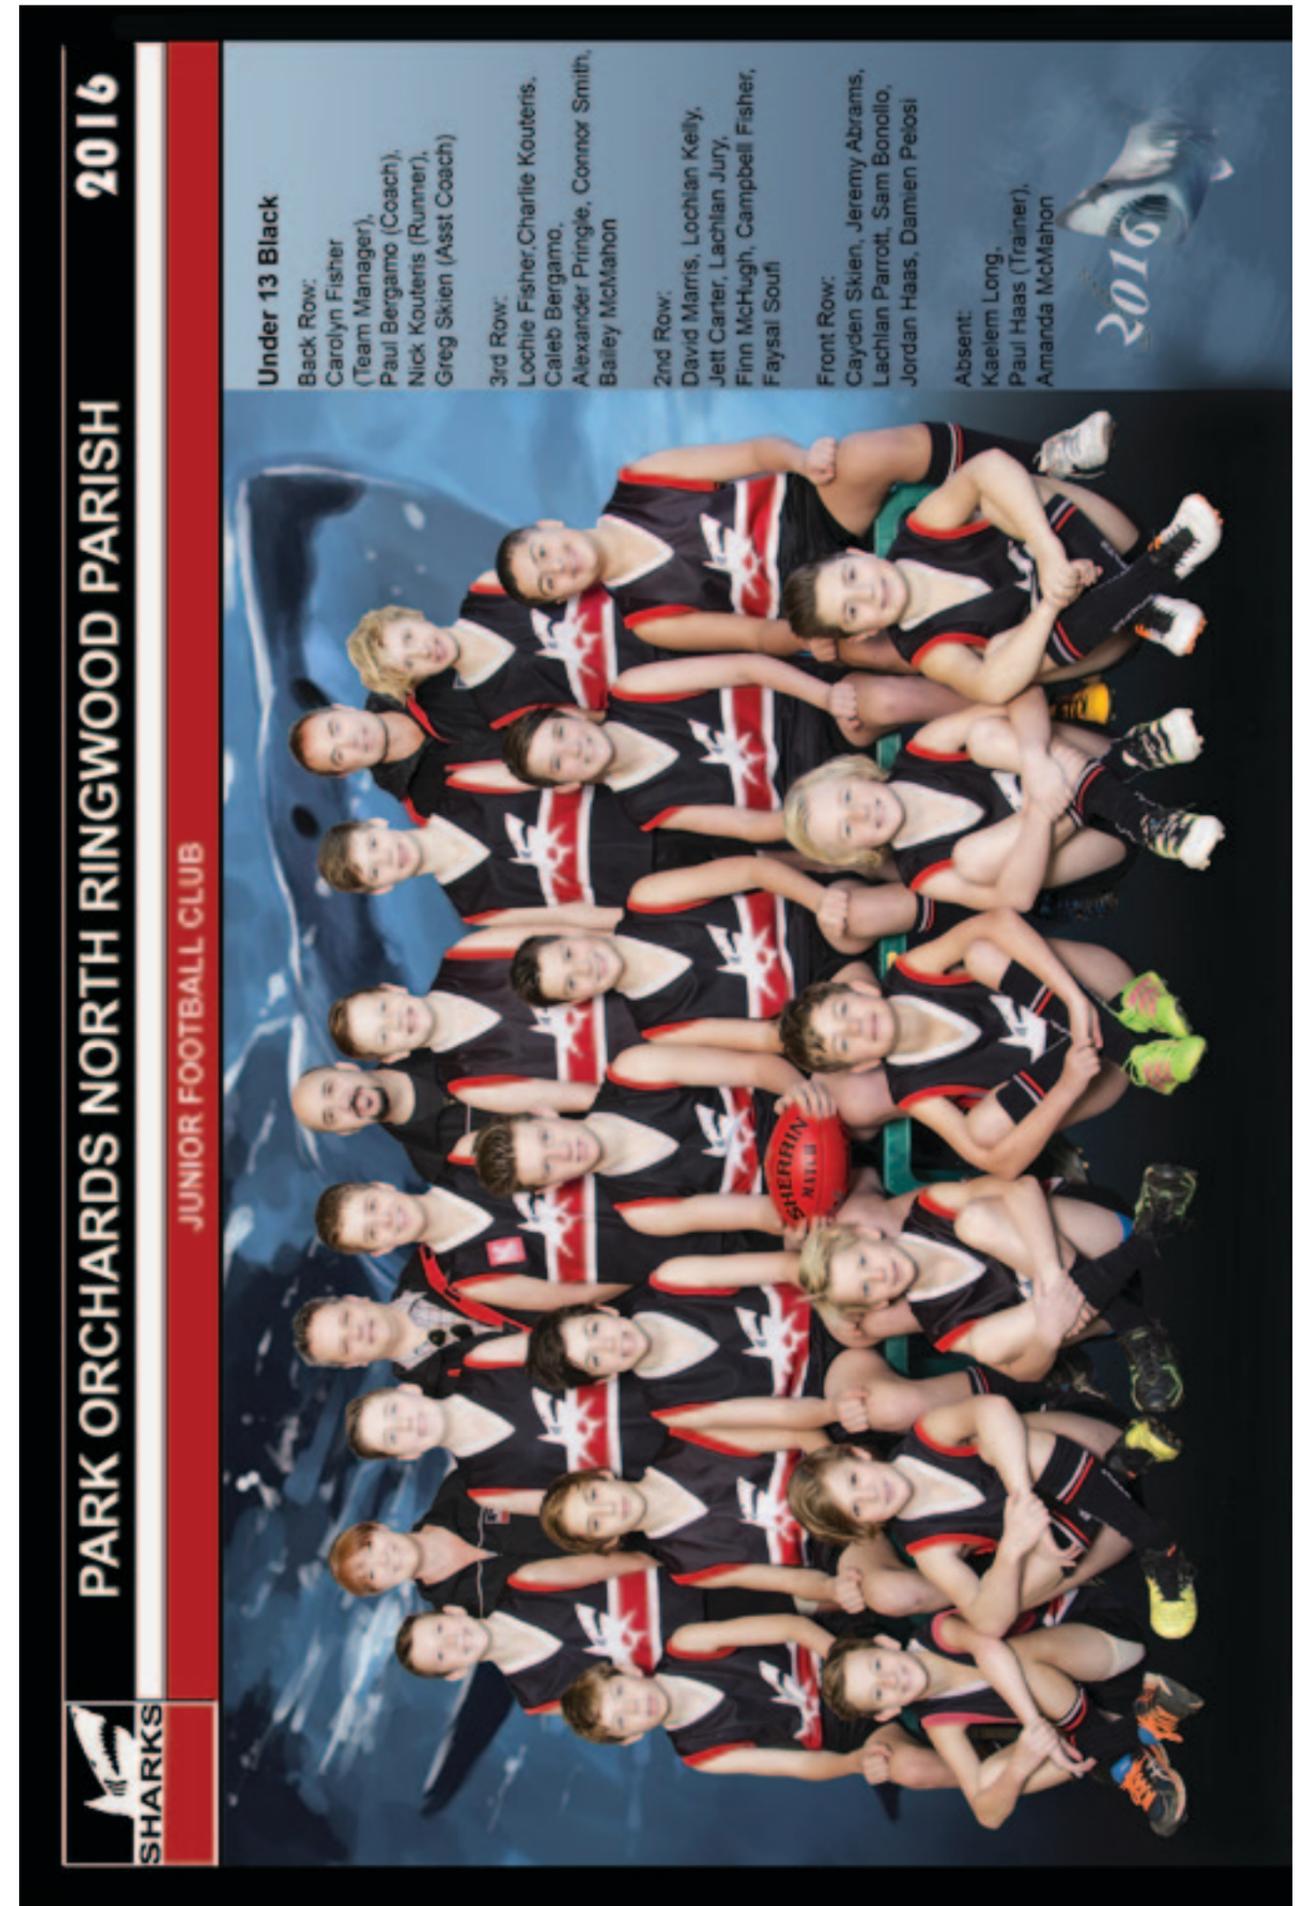

I would also like to say a special thanks to all the other parents who helped out throughout the season with all the different roles of trainer, goal umpiring, umpire escort/interchange steward, boundary umpire, water carriers, time keeper/scorer and ground manager.

In finishing, it was fantastic to have two of our boys make the Top 10 for U13 blacks in the Yarra Junior Football league, held at The Centre at Ivanhoe. Lachlan Jury came second. Jordy Haas came equal eighth

Overall I am very proud of all the boys. We have some unfinished business to go one step further next year and play finals and hope to see your boy in the U14s.

Go Sharks!

With the combination of 2 sides one brown the other black it was always going to be a challenging year for the Under 14S. Our club put in numerous requests to the YJFL not to grade us in gold. Guess what we were graded in gold. Our first 4 grading matches we got smashed. Finally moved to brown. Whilst still getting beaten by reasonable margins the boys showed tremendous courage to hold their heads up and take each week one at a time. Our last four games we proved that we could be competitive even to the top team. Our year finished on a high with a fantastic win over Camberwell.

I commend our boys on their spirit and determination to turn what started as a average year to something that they can all be extremely proud of.

Well done looking forward to next year.

Fantastic season of football for the Under 15 Reds, finishing 2nd in Division 2 in the YJFL.

The improvement of all players throughout the season was great to see. The mateship formed along the journey is strong and true.

The style of football we played was quick, skilled and enjoyable to watch. The learning of the structured side of football was embraced and carried out to the best of each players abilities.

Zone set ups, centre ball setups, boundary throw in setups were a learning experience for all the boys. I believe through their continued improvement many of the boys will make a great transition into a higher standard of football.

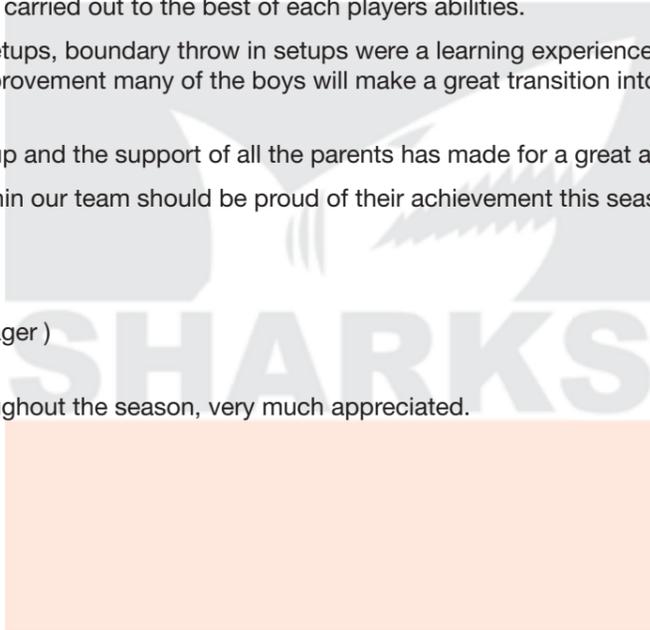

The passion within our group and the support of all the parents has made for a great and very enjoyable season.

Once again all involved within our team should be proud of their achievement this season.

Thanks go to:

When Season 2016 started I must admit to be apprehensive in what the team may be subjected to throughout the season, with 17 fit players for the Under 15 Black side. The powers to be were kind enough to find 3 extra boys who volunteered to come up from the under 14's for the season & so with a squad of 20 we looked forward to our 1st game of the season.

Unfortunately we were drawn to play Parkside at Parkside (who lost the 1st Semi in the grade above us from the previous season) , which resulted in a 21 goal loss.

Great news was that during the second week three new players joined in Isaac Taylor, Matt Purcell & Harry Wade and with a squad of 23 things looked better.

Our 2nd game against Templestowe (who won 6 games in 2 grades above us in the previous season!!) proceeded to give our boys a bit of a footy lesson with us suffering a 29 goal loss.

Instead of tossing in the towel the boys who had already committed to training an extra night on Mondays as well as the regular Wednesday night turned up in numbers wanting to improve.

From this point the boys knuckled down to their training and the improvement was there to see as so many boys showed real signs over the remainder of the season.

The next two games saw the boys really having a "crack at it" with us being tied with St Mary's at 3/4 time (who finished 3rd for the season) before they drew away in the last quarter to win by 3 goals. The following game against Fitzroy (who finished 5th for the season) saw us charge home to lose by only 10 points in a fantastic effort by the boys.

The first two losses didn't flatten the boys & to their credit were trying as hard as possible to turn things around. However, injuries , unavailabilities due to school camps, & illness were starting to creep in which effected having our strongest possible sides available to compete.

A four goal loss to Brunswick & five goal loss to Kew Comets saw us again extremely competitive in three of the four quarters. This would be a consistent theme through the season where the boys would give it everything for most of the game but a 10 minute passage or a quarter lapse would see 3, 4 or 5 goal bursts by the opposition that would sink us.

Leading into the last game before school holidays, the boys were triumphant against Boroondara Hawks by 4 goals. Thanks Morts for coaching the boys to a win.

Clubs are a great place for players supporting their teammates & friends. At this time of the season, tragedy had hit the Purcell family with Matt's father, Paul suffering a serious workplace injury. The support the boys gave Matt was great & the courage Matt displayed when playing was testament to him.

When the video camera was turned on for the Boroondara game to let Paul see how the team was performing, Morts said " You could see the boys switch on, I knew they were going to win. You could see they wanted to do it for Matt & Paul." The boys gave everything they could and the resulting victory was great reward for their efforts.

After the holiday break the boys continued to work hard at training as we strived for win number 2. Our return game against Parkside was proof of the improvement the boys were showing. We matched them all day apart from a short 10 minute period in the 3rd quarter which saw a 4 goal loss. I was extremely proud of the effort the boys showed all game. What a huge change from the 1st game of the season when we suffered a 21 goal loss!

Although we ended up bottom of the ladder with the one win, the boys in many games were extremely competitive in 2 or 3 quarters, even more & I am sure the boys were gaining more confidence & showing good improvement as the season wore on.

I would loved to have had another opportunity to play Boroondara Hawks but not to be, thanks to the illogical gradings & draw by our friends at "Head Office" !!

Although the results didn't necessarily show it I still felt we were on an upward curve and for many of the boys

their desire to improve shone through & their appetite for the contest. They were "winners" with their great attitude to continue preserving to the end.

To the three boys, "Sugar" Wallace, "Bear" Choveaux & Luca Vigo thanks for volunteering to come up & help for the season all three displayed terrific attitudes to training & game day, well done boys.

To the 50 & 100 game players during this season in "Bear", "Zacca", "Monster", "Wisey", "Binga" & "Juzza " well done on reaching that milestone at the Sharks.

There are many others that need to be acknowledged for assisting the team in many ways, with firstly the Team Manager, Peter Wallace who did a sensational job throughout the season. Thanks for being a great support to me & keeping me up to date with player availabilities.

Murray Wise, thanks for a job well done as Assistant Coach throughout the season & for helping in especially getting the boys started on a Monday night. Your thoughts, humour & friendship were greatly appreciated.

Also Morts did a great job helping on the Monday nights & game day in the coaches area as well. And a special mention of thanks for writing out my weekly Coaches Reports which were great in acknowledging all the boys for their efforts. Thanks Morts it was greatly appreciated.

Curly, Powelly, Graeme & Michael for your assistance when needed in the Coaches Box area in whatever role required.

To someone not associated with the team, but who helped considerably with our Wednesday night training, a special thanks to Paris Harvie. Your experience as a senior coach & the great drills that you taught our boys was a real help & guidance to the boys. Hopefully plenty of tennis balls will be kicked this summer in the off season. Once again thanks for supporting me when my work commitments created difficulty in getting to Wednesday night training before 5.45pm, I'm sure the boys appreciated training with the Under 15 Red team & this assisted towards their improvement.

To all the parents, thank you for your support throughout the season to not only me, but the tremendous jobs by many of you, in making sure the weekly allocated tasks were fulfilled with a minimum of fuss & diligently.

As a whole team group I want to say what a pleasure it was in getting to know the boys & the parents. We had a fantastic group and although the results didn't always come our way, I hope you take some nice memories with you of the season.

Hopefully the boys continue to love the greatest game in the world & the Club sees all the boys back next season as Colts players.

Go Sharks.

This article celebrates two fantastic years of Colts football for our boys which has now culminated in a Division One Premiership. It is an amazing achievement for the club and for the boys that have been involved both this season and last season.

This group of young men have applied themselves to training and games and have been rewarded with finals in both of their two years of Colts. The strength of the team was its flexibility in that players could play in a variety of positions and most importantly the players "team first" mentality. Never was this more evident than on Grand Final day when we had all six players on the bench supporting their team mates and putting the team performance ahead of their own personal games. I must mention our only injured player Alex Williams provided team first support and a positive attitude despite longing to be out there.

To come back from a ten goal thrashing and win both the preliminary final and the grand final after being behind by over three goals in both games is a testament to the boy's character and determination. They have created history as the first Sharks team to win a Division One Grand Final which bonds them for life and has hopefully pioneered similar success for all of the younger Sharks in our club.

On top of their football development the team also enjoyed and appreciated a breakfast hosted by the Senior club as well as the Senior Player's Dinner, which included a talk from Christian Petracca. These events go a long way to ensuring this group continue their football journey with the Sharks beyond the juniors.

As coach I appreciated the outstanding support of a dedicated group of parents. Marianne Condon was brilliant, patient and efficient as our Premiership Team Manager, and made the job of coaching so much easier. I must make a special mention to my Premiership assistants Darren Witnish, Andrew Parker and David Sims who were always there to assist with or take control of training when needed. On game day our Premiership runner Dick Baker along with Shaun Warhurst, Travis Forbes and Michael Inglis provided much appreciated football wisdom.

The weekly support of our selfless Premiership fitness coach Graham Cross and Jamie Condon our Premiership Head Trainer was critical to the success of the team and is appreciated by players, coaches and families.

Season 2016 started back in December when all Colts boys gathered for the start of preseason.

We welcomed 3 new boys playing their 1st year at the Sharks-Pete Servenis, Matt Kelsey and Tom O'Hagen, we also welcomed back Liam Donohue, and we had Lex on the long term injury list meaning we had a list of 27 players.

James Blanck was voted in as captain by the boys with Knoxy as Vice Captain and Will Mac, Harry, Greaney and Josh V as the deputies.

We started the year in Div 4 and managed to win our 1st 4 games.

We requested and were granted a move up to 3rd Div to really challenge the boys and test their football against the stronger sides.

Our 1st 4 games in Div 3 were all a really good test and although we didn't win a game, we were in all games into the last 1/4's.

The boys were adjusting to the added pressure and the bigger/older boys in all the teams that we played.

We had a real flat patch in early July where we copped a few hidings.

With 3 games left against 3 of the top 4 the challenge was their for boys, to just play the year out or have a real crack and finish the year on a good note.

We Won 2 of the 3 and only lost the other by 10 points to miss the finals by a game.

The boys showed what footy they could really play and wishing they had started their good form earlier !!

The move to Div 3 will prove to be of great benefit to the boys when they return next year to play their last year of junior footy at the Sharks.

I would like to sincerely thank Adrain for being my assistant, helping out at training, team selection and managing the rotations off the bench all year.

To Nicole thanks again for being our team manager and ensuring the team was prepared each week and organizing our wonderful parent group in their roles each week.

To Vicky and Rob thanks for being our trainers and to Johnny Gayfer for your colourful goal umpiring each week and Adam for being our runner for most of the Year !

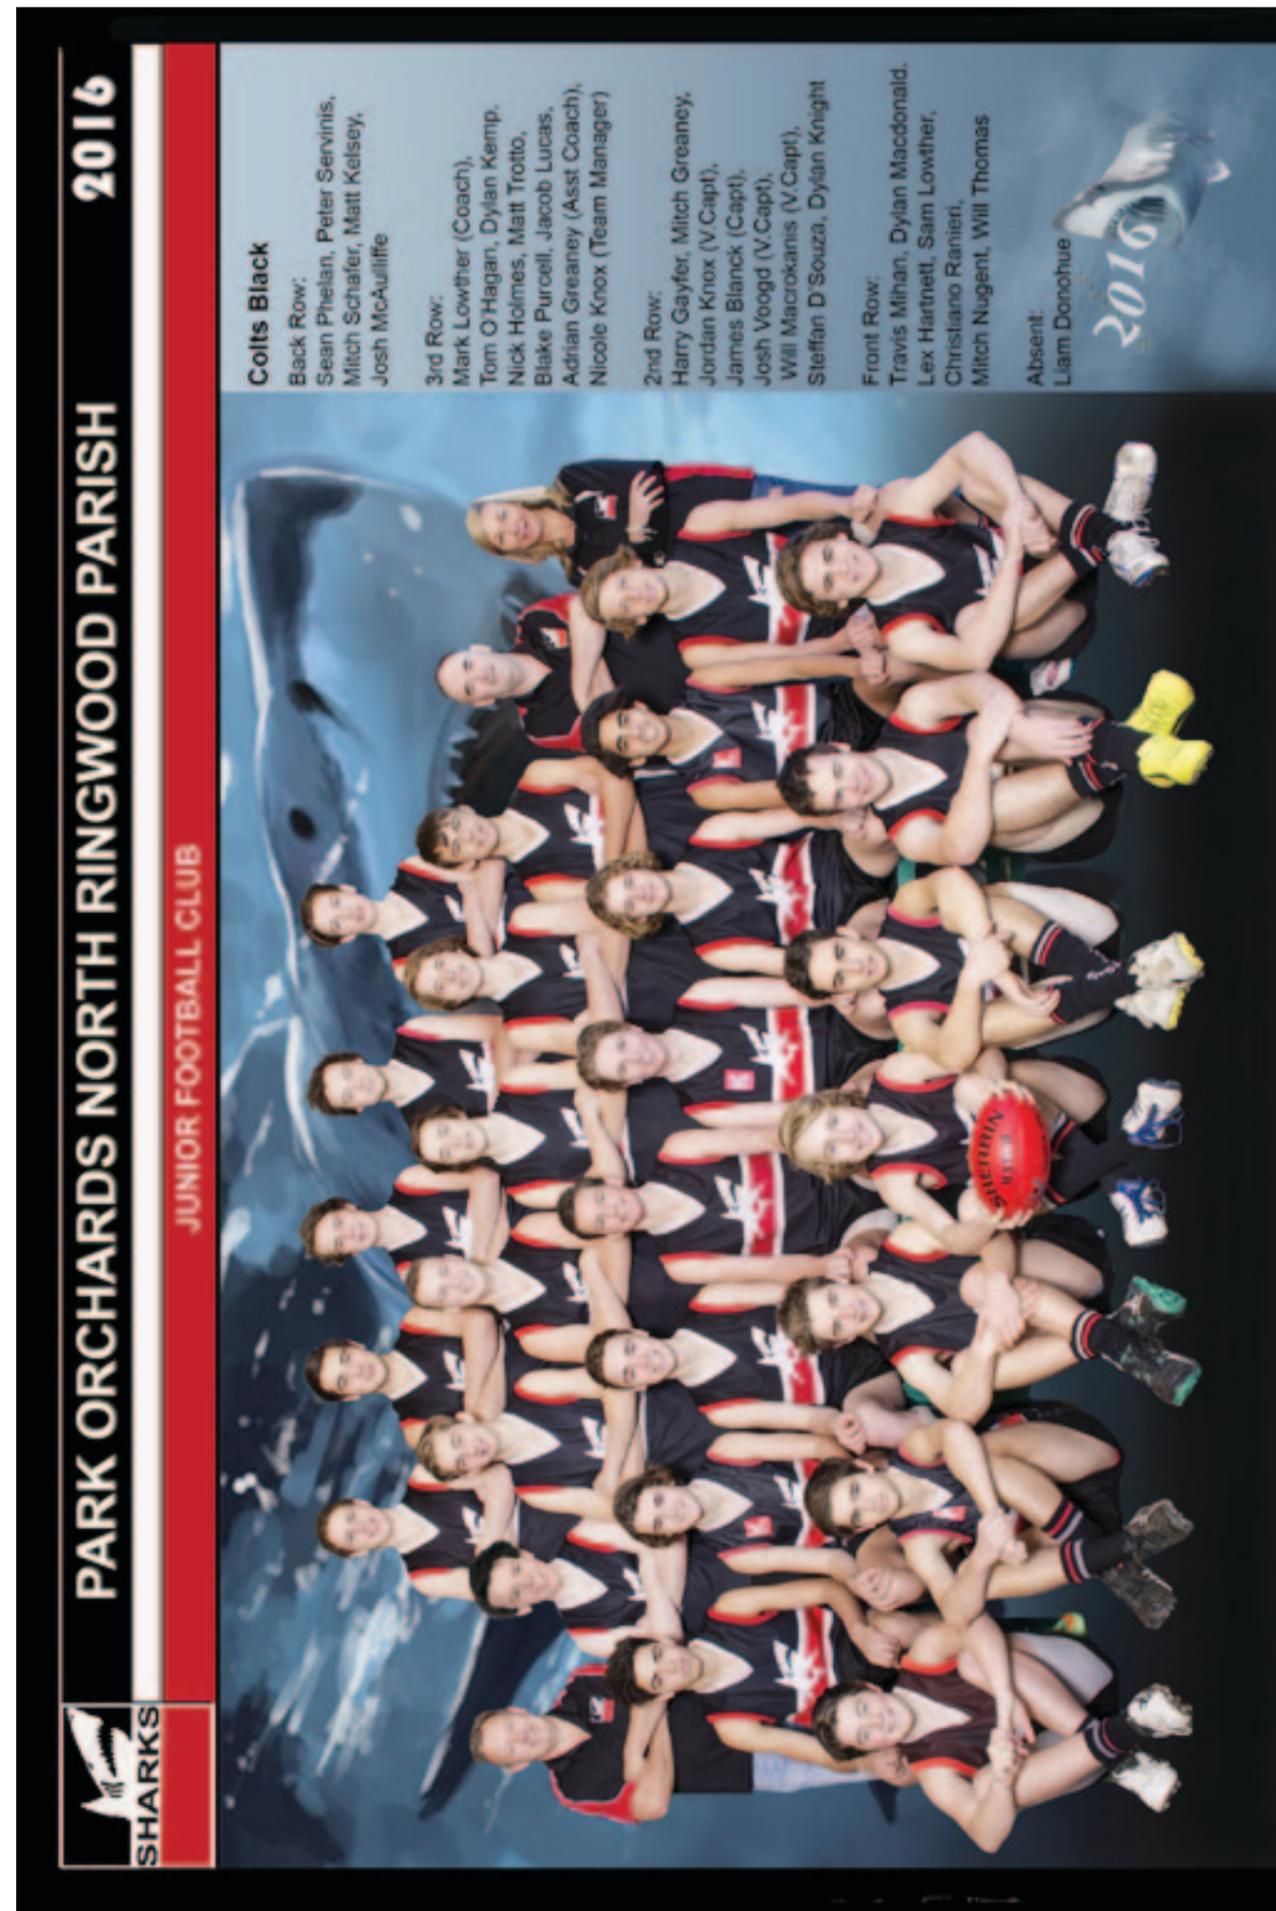

A Special thank you To Tim Livingstone for running and organizing training all year for all the Colts boys and to Crossy for getting the Boys warmed up and FIT each training session.

Congratulations to the Tim and the Colts Red on taking out the flag in Div 1, what an outstanding achievement boys.

Congratulations to all the award winners.

Adrian and I have had a great time coaching you boys over the last 2 years, good luck with your footy next season.

Sharks Player Games Statistics 2016

Explanatory Note:

Games 2016* = Games played for Sharks registered team + additional games in brackets (*) played with other Sharks Teams or YJFL representative games played throughout 2015, ie: 14(3)* = 14 games played with registered team and additional 3 games played with other Sharks teams or YJFL Representative Teams.

Sharks Total is inclusive of all Sharks games plus additional games played in YJFL Representative Teams.

There may be some anomalies in the statistical data as the information is collected from many sources and human error is always possible.

If you have any concerns regarding player games data, please communicate this to the Sharks Secretary at secretary@sharksjfc.org.au and we will endeavour to remedy this for inclusion in the 2017 Annual Report.

PONRPJFC Milestones – 2016 as of 31st August 2016

Team	Name	Milestone
